

# GREEN WEDGE MANAGEMENT PLAN

## Traffic and Transport in the Green Wedge

### Current situation

The easiest way for you to find bicycle and shared paths is to [download the City of Greater Dandenong TravelSmart Map \(PDF - 5MB\)](#). The map provides sustainable transport options across the municipality.

You can also pick up a pocket sized hard copy of the TravelSmart map at one of our [customer service centres](#).

The EastLink trail is the main pedestrian and cycling route passing through the area. Within the Green Wedge you can access this trail via Perry Road.

### What's planned

Council officers are currently reviewing, with a view of updating, the City of Greater Dandenong Integrated Transport Strategy (2005).

This is due to occur by mid-2016.

In the longer term, Council is working towards providing a more continuous and connected network of paths and trails throughout the Green Wedge, including providing further access points to the EastLink trail.

### More Information

For more information please contact Council's Strategic Transport Team on 8571 1000.
