OPEN SPACE IN DANDENONG

Dandenong has 111 hectares of public open space, comprising 30 parks. Dandenong contains a mix of passive parks, sports reserves, civic reserves, conservation areas and dog off-leash areas. Major regional bike trails run through Dandenong, including the Dandenong Creek Trail, Dandenong Bypass Trail and the EastLink Trail, connecting major regional corridors of open space, including the picturesque Dandenong wetlands and floodplain. Dandenong is also home to some of the City's major recreational facilities, including the Oasis Leisure Centre, Dandenong Creek Regional Bike Trail and the Hemmings Park Skate Park and BMX trail. Recently, Greater Dandenong Council redeveloped the Dandenong Park playground into a major district playground facility. This redevelopment has transformed Dandenong Park into a highly usable, cultural memorable and fun space for the community.
