7.1 Policy Statement

The City of Greater of Dandenong is committed to protecting, managing, promoting and celebrating the regions tangible and intangible cultural heritage. By recording and celebrating the history, culture and the achievements of the people of Greater Dandenong we teach understanding and appreciation of our heritage.

Effective conservation and management today will ensure items of Cultural Heritage value and importance to the community are preserved for future generations to enjoy and learn from.

Council acknowledges that the Aboriginal and Torres Strait Islander community is an important part of our community. Council respectfully acknowledges Aboriginal and Torres Strait Islander peoples as the First Australians and the Traditional Owners of the land.

In 2016 Census data, Greater Dandenong is considered Australia's most culturally diverse community. Council acknowledges the importance of collecting and celebrating the stories of the waves of migration that have helped define this City since settlement until today.

The City of Greater Dandenong's Civic and Cultural Heritage Collection Management Operational Guidelines provides a framework for Council to manage the Civic and

Cultural Heritage Collection in relation to access, acquisitions, deaccessions, storage and use, for future needs.

7.2 Collection Development

Development of the collection will meet both the immediate and long-term objectives of Greater Dandenong City Council's Arts and Cultural Heritage Strategy, informed by Imagine 2030 and the Council Plan.

Development of the collection will both build on strengths and address weaknesses and will consider current and future priorities and constraints. Strategies will include both planned and opportunistic approaches. Principal objectives of collection development are to acquire and preserve material that relates to the history of the organisation and its predecessors or is highly significant to the Greater Dandenong region and would be otherwise lost to the community.

The Council will endeavour to develop unique collections and collecting strategies, which will take into account the focus of other collecting organisations, particularly within the region, to avoid duplication.

- sold on the public market
- destroyed where no other options are appropriate.

With regards to heritage collection artwork items, the artist or practitioner should be contacted if it is proposed that the work be relocated or deaccessioned. If it is not possible to contact the practitioner, then consideration needs to be given as to who should be consulted on the practitioner's behalf e.g. the estate and current copyright holder.

The potential deaccession of any item acquired with assistance (financial or otherwise) under the Cultural Gifts Program, or similar, must be considered within the requirements of that Scheme.

Councillors, Council staff, volunteers, and their families are prohibited from acquiring an item deaccessioned from the collection unless they purchase the item according to its market value. Such a purchase must be approved by the Director Community Services in accordance with Greater Dandenong City Council's Procurement Policy.

Council Cultural Heritage staff must maintain records of items deaccessioned including their method of disposal.

Any monies received by Greater Dandenong City Council from the disposal of an item should be applied solely to collection conservation or collection development (i.e. purchase of collection items), in accordance with ICOM Code of Professional Ethics (2013).
